Dear ARMMites of Chapter 22,

It's a cold winter day as I write these notes to you. I'm hoping we don't have a memorable weekend á la Blizzard of '77. Since our last newsletter in August, we have had our usual breakfast "meetings", a movie night, and a beddy-bye celebration for our Memory Garden. My thanks to all who have come out to support us and do the work necessary for us to have an ACTIVE Chapter. I especially want to thank those who braved the quasi-rainy day in October to clean up our garden. Only the tall grass is left in the centre so Bonnie's birdies have a place to roost as they munch on her assortment of seeds and suet this winter. Come March, I'll take my lopping shears and prune that little plot to the ground so the new shoots won't mix with the old.

I attend ARM Council on your behalf and we have had 3 meetings this school year. The Council's current focus is on AMPA 2019. Since this is the 100th Anniversary of the founding of OSSTF, it promises to be a special AMPA with the release of the Celebration Book. I will try and get some copies for the Chapter. It is also an election year for the federation, so that will invite interest as well. Thirdly, there is some angst among the active members as their contract expires this August and they are expecting some prolonged negotiations and possibly collective actions. To this end, they are planning some "member mobilization" events and are hoping for some advice from us, the veteran mobilizers. Please stay in touch with our active members; show them that you remember your difficult times and cherish the better times.

The Executive has decided to hold our AGM at the May8 Breakfast. SOOO... ARM will gladly pay for everyone's breakfast that morning. Come and make Chapter 22 history.

I do hope to see you at one of our events soon,

wARMly,

Ray

As usual, OTIP provides us with some interesting articles. Please read the ones below:

What to do if you get in a car accident

Car accidents usually occur without warning. Although you may take every safety precaution possible, the unexpected can still happen. If you find yourself in a car accident, here are some tips to keep in mind:

Tenant Insurance, is it worth it?

About 34 per cent of Canadians rent their homes, yet more than half of Canadian renters (58.2 per cent)¹ are living without any tenant insurance coverage. While tenants are not currently required to have a tenant insurance policy in place, most are confused about the level of coverage available through their landlord's insurance. Here are three reasons why you should have a tenant insurance policy.
